“ Mark, I love your mom & dad so much. They are both, great people. I would always love to see your dad, sitting on the front porch, when I would go to visit my parents. We would yell "hey" to each other and he would wave real big. And his smile...loved to see it! You all are in my prayers.

“ Haven't seen your dad in a good long while but when I did he always spoke. He always remembered I was Knoxie. He and your mother were a great pair. It seems to me that generation had it figured out a little better than any generation since. Mark you were so blessed to have them.

“ Oh how he teased us when we were kids. He would blow smoke in our face and tell us it would make our feet turn black. He often told us if we swallowed a watermelon seed it would make a watermelon grow out of our butts ! He sure kept things lively on Dover Street. I remember how immaculate he always kept his car. I am honored to have had him in my life. My thoughts and prayers are with all of you at this difficult and sad time.
