“ It has been over 7 months now, but I live in Oklahoma so I just recently found out that Avery had died. My mom died about a week after Avery, so there was a lot going on about that time. Avery gave me my first REAL job back in the late 60's while I was still in High School. That was many years ago but I remember working there with my cousin, Steve Knolhoff as well as Charlie Marcum, Delmar Stanford and Miguel Montaya and others whose names escape me right now.

It was hard work that required a strong back and I developed a healthy respect for the people in the moving business and truck drivers. I didn't make a lot of money back then, but I think in was fair in comparison with other jobs available for someone my age and I gained a lot more life experiences than someone flipping burgers.

“*I met and appreciated Avery because of his friendship with my dad, Lee Courtney, when they were both in the moving and storage business. Avery spoke of his children every time I met him. Losing our parents was so hard for Annette and me. May your present sorrow fade and warm memories of him remain.*

I would like to echo my brother's sentiments. Avery was a great friend and supporter for my family, especially my dad, Lee Courtney. After my mom and dad passed while living in Springfield, IL, Avery brought their remaining belongings to Centralia and stored them until we could get all 5 brothers together so each could choose a piece of the family's past. Then Avery even lent us a truck to take our treasures back home with us that afternoon.

Thanks to Avery and the Trumbo Family for being such a good friend of the Courtney Family.

“ Avery safely moved our household goods when we moved to Centralia. When at Oden Nursing home he trusted Jesus to move him to his final destination in heaven just as I trusted Avery for my big move. God bless his family and friends until we meet again in God's time and place
