“ *To the entire Fischer family: I read of the loss of Dr. Fischer with sadness. Wish I could have come to the wake so I could have met his large extended family and let them how special Dr. Fischer was to me. I didn't know of his passing until a week later. His sister Jean and I were high school friends, meeting in 1962. Dr. Fischer became my specialist in 1968. In 1970 he delivered our first child. In 1972 I experienced an abruption of a full term baby and subsequent death in utero. The next morning, Dr. Fischer came into my room and talked to me with compassion and kindness. He led me to believe that I would be ok. And I was ok. Almost one year later, I was back having another baby. Three years later we had our last baby and I stayed with Dr. Fischer until he retired. I always felt safe and confident, respected and cared for. In conclusion, and in the spirit of Thanksgiving, I am grateful for having known Dr. Fischer. (and you too ,Jean) May you all gather strength together as you prepare to face the Holidays. Cherish the moments and sleep peacefully with his memory. Sincerely, Jane*

“ *So very sorry for the loss of a great man. Im sure he will be missed by so many. We worked together for many years. Along with him being my physician. I will forever be touched, he saved both my life and my daughters. He will be remembered by the jokes he told, the twinkle in his eye, and the funny stories he would tell. My daughter will forever remember him as her hero. The man that almost removed her as a tumor, then saved her life at birth.*

“ Deepest sympathy. Dr Fischer was a great doctor. Did surgery when I had problems. We always laughed about our moms because they knew each other and stories were told. He was a good man. Sorry for your loss.

“ Dr. Fischer delivered both of my sons, both difficult deliveries. When I moved from Centralia to Ft Wayne, I made the 6 hr drive for my yearly check-ups with him for 2 years. He was like a god to me...bigger than life, intelligent and caring. I'm saddened to read of his passing. My heartfelt sympathies to Dr. Fischer's family.

“ *What a wonderful tribute to Dr. Fisher, he delivered my 3 babies and I didn't think I could do it with out him. I loved him so. My favorite memory is when our youngest Heidi was born on my birthday. After delivery he laid her on my belly and started singing happy birthday to me till I told him hey cut the cord I got calls to make. Will never forget that. My sincere sympathy to the whole family.*
