“ Grandma Nix spoke with me today and was so proud of the man you had become. she said last week you had made a trip to see her and was such a respectful young man. She absolutely adored her only grandson. I am sure you adored her also. I have known your family for 30 years+ and even before you were born you were destined to be a family man. Faith is all I have to offer you and your family will need this more than ever. So sit your self down beside gpa Nix and await the arrival of your loved ones. Take with you the strength of your family and guide them to the power. There were so many people whom formed your individualism..Gma was telling me your motorbike would be on display.....your personality was amazing and your love for your family was unwaivering. My heart goes out to your loved ones, my strength will help guide them and I know you will forever be with them. Godspeed be your family, friends & loved ones.
