“ It has saddens my heart that Debbie has left us. She was such a positive person and full of energy. She called me a few weeks ago and asked me to come to the hospital and I did. We talked and laughed for awhile about stuff and she was in good spirits. She was such a fighter!! All she talked about were his children and how proud she was of them. Debbie was opinionated and if she was set on something you were not going to change her mind. lol She was full of information and what she did not know she always took the extra effort to research it. Her lighthearted spirit and laughter will always be remembered. I was not able to visit her in the last few weeks because I contracted Covid but she was in my prayers. Now I pray for a peaceful and beautiful transition into the great universe because she had a strong belief in God and His Goodness. Love you Deb.
