“ *Dr. Basch, was my veterinarian for many years and both he and his bride always took the time to help with any animal you took to him and that was a bunch, baby rabbits, an owl, stray cats and dogs. I think of him often and miss wonderful stories about his trips home and how much he enjoyed them. He is missed by me and all my family. God bless his family and thank you for sharing him with us*

“ Dr. Basch was a kind and good man. We always enjoyed talking to him at the clinic and later we were happy to see him and chat a bit at Schnucks. He holds a special place in our hearts. I'm sorry I can't come to the Mass of Christian Burial today. I am up north at my daughter's home. The entire family remains in my prayers. Mike and Eileen Wilimzig

“ Dear Basch Family,
I am so sorry for your loss. Dr. Basch cared for the many Boston felines and dogs. I know he was also the vet for the Somers's pets. Dr. Basch was always so gentle and kind. Even after I was married, I brought my cats to him for care...He would tease me about me choosing the Southern Illinois DVM....he truly cared. I couldn't trust another vet until I moved out of state and didn't have the choice. I have had many cats since then and a few veterinarians. No one comes close to Dr. Basch!
Thank you for sharing your spouse, father, grandfather with a community that needed and appreciated him so much.

“ A special prayer to the Basch family

Dr. Bash & his wife earned high respect in Centralia....He was our family "Doc" through 3 generations of family pets. He held such passion, and caring for all of Gods creatures & yes he had a sense of humor.

Back in 1971, I was 13. I brought home another stray.A beautiful orange, black & white kitten. I named her Greta, my Mom named her Gloria. When Dr. Basch took her from my arms for shots - he asked for her name. When we answered Greta/Gloria. Dr. Bash smiled, held the kitten up, and said with his accent AHH! Greta Garbo ,and Gloria Swanson, what perfect names, we will call her both! Both names were wrote down in her file.

I remember Mrs. Bash as being so kind, and sweet, they both were loved by all.

Such good memories, and an honor to know them . Penny Sprehe

“ I first met Dr. Basch and Kate when Elizabeth and I worked on a class project together in high school. Kate is so sweet and kind. I started taking pets to him and did so over the years. His office was packed day and night. When we would get our turn in his office we always got hugs and then he cared for our animals. Then he would start chatting and this would go on for a long time, which I'm sure the people waiting didn't like. I once ran over my cat in my driveway at home. Dr. Basch fashioned a splint with wire coat hangers. He told me to expect the worst. When I brought Ralph back after 3 weeks Dr. Basch was happy and amazed.

“ We got word 28 years ago that Dr. Basch was preparing to retire. At the time we had did not have intent of starting a practice in Centralia. We decided to contact him and after discussion he decided to put off his retirement from April to December of 1992 so that we could come up with a game plan. When he closed his doors they graciously sent people our way. We are forever in indebted to him and his beloved Katie. We had the pleasure of helping them care for their own animals over the next 20+ years. We thoroughly enjoyed and were blessed to visit with him. He was kind-hearted and witty. I still believe he was a better vet because he relied solely on his mind, his senses and his hands to treat patients. I was truly blessed to know him.

“ Dr. Basch was the most amazing man and the best vet. This was not Just an occupation for him but a love for the pets he served. He was also compassionate when he had to allow our pets to cross rainbow bridge. He felt our pain and was sympathetic to our wounded hearts . I pray the Good Lord gives him a special place in heaven. RIP
