“ *Gene was my first cousin. His father and my mother were siblings. I have many fond memories of Gene and his family. He will be sorely missed. My condolences to his children and grand children.*

I have a record of Owen Family History; hundred pages plus. It goes back to Wales in 1400's . Gene is in the record as well as his children. I would like to hear from some of his children. My grand son put the history in his computer. I would be happy to e-mail a copy of the history. But I do not have any contact information for them or the Dycus family. Please contact me at < wardalberta@icloud.com > I would hope to get the record to the family so they could share it with each other and Lucile's kids.

“ I am so sorry to hear that my Uncle Gene has passed away. After high school I didn't see him much, but when he moved into the nursing home, I went with Mom to visit him whenever I was home for a visit. He was always smiling and glad to see me. It was nice to visit, and he would catch me up on my cousins.

It is hard to lose a parent. I know he kept all his kids and grandkids in his heart because he surrounded himself with your photos, and that comforted him in his later years. All you have left is memories. Cherish your memories. They will comfort you too.

*Sincerely,
Norma Dycus*

“ So very sorry to hear about my Uncle's passing, he will truly be missed. My sincere condolences to his entire family especially his children. Uncle Gene was a very special Uncle who had the most inviting smile and quick wit a very loving husband and father. I remember the great times when my family visiting with his family, my siblings and I were about the same age as our cousins so we all got along great. I have included some pictures of the times we spent together with the hope that we will remember Uncle Gene and Aunt Arlene and always keep them in our hearts and prayers. LOVE

“ Dear Cousins, so sorry for your loss. I enjoyed visiting you Dad. With COVID and the Isolation, I'm sure that he didn't understand it all and the mental and physical aspects worked on his health some. Love and Prayers Lorraine Dagen
