“ Joann, I'm so happy I got to know you, and I'll never forget our trip to Tennessee. My favorite part of the whole time was watching you and Earl walk down the street holding hands. It was a very special time together. I admire how you raised your son and you did an amazing job. You will be deeply missed and you will always remain in all of our hearts. Until we meet again one day.

“ *My mom. She was so much more to me. She was my friend, my buddy, the person I trusted to keep my secrets. She was always there for me no matter what time or what she was doing. If I was sick she would call me and make sure I knew she was thinking about me. She will forever be part of me and I can't think of a day when she won't be on my mind and she will always be in my heart. I love you Mom so much and the day I see you again will never come too soon.*
