“ *John and I grew up next door to one another on Ellis Street in Central City. Until I had to be home schooled in third grade because I was so sick John walked me home from school every day because I was so weak. He sat with me when I had mono in high school. i called him when he was in the hospital in St Louis when he was going through surgery for throat cancer....the beginning of many. He was my oldest best friend and I am going to miss his texts. My heart is broken.*
