“ Rhoda I loved you like a sister. I am having a hard time wrapping my head around the fact that you are gone. You were always there for me. And took care of me after my surgerys. I will miss you so much but I know that you know that. God needed you so I will see you when I get there and we can spend eternity laughing at all we did together. I know you are at peace now no pain. And that's what makes it easier on me just knowing you are at peace and with your mom and dad
