“ *Ronnie and my Ron worked together for many years at Wheaton Plastics. They were great work partners. They respected each other. Y don't find that very often. But each Ron were Work Horses, meaning that they put 110% into whatever job they were doing. Bot Ronnie and my Ron will be missed. My thoughts and Prayers go out to the family.*

“ *My Ron worked with your Ronnie for many years at Wheaton Plastics. They were such good work friends. I'm glad that I got to know Ronnie. I'm sure that they're up there, giving Heaven a run for their money. My prayers go out to you and your family during this hard time. We can never prepare ourselves for it, even if we know that they're in a better place. It's still hard letting them go.*

“ I went to school with Ronnies' son and daughter in law. Ronnie and his wife used to live across from us on Racetrack. My kids would take his trash cans up after pickup, as part of their community service. But, it was really because he always kept a stash of peeps and soda just for them. He knew I didn't really buy them many sweets or sodas, and he spoiled them with that knowledge. As my daughter (now 27) stated "I remember his huge smile when he would see us coming". Always lots of love in our little area of the country our there. Ronnie was a good man and will be missed.
