“ I love you and will miss you deeply. Sandy was my dads and my accountant for years. He thought the world of Sandy. She always tried to save him as much money as she could (legally). Rick and Sandy were there for us when mama died, and we appreciated that/them so much. Sandy couldn't do enough to try and help people. She loved her family and friends. Couldn't ask for a better friend than Sandy. We had a lot of fun times together when I would take our taxes to her. RIP MY DEAR FRIEND. You are going to be missed in so many ways. LOVE YOU SANDY!!!
