“ Dear Karen and Family:

I am so sorry to learn of Terri's passing. As usual, I was away on business and missed the chance to be there in person. Terri was such a special person to me. As, a sister-in-law, she and I talked many a night, about all that was good, and is good. She was the sister I never had. She was the rock for many a difficult day. She was there for me when she did not have to be and I will be forever grateful.

And when disaster struck, it was her that reached out. She came. She supported as no one else could. She was else had I grown to know and love and I've carried each of you with me through all these years.

I'm beyond grateful to have spent part of life surrounded by so many of the Montacue family. Had we never met, I would have never met Terri. And such, my life would be so very different. It has been nothing but a blessing having know Terri.

I am sorry I wasn't there for you and the rest of the family.

“ I worked with your mom and dad at Murray Center in 1988-1990 when they had the school program at Murray Center. As a speech/language pathologist I had contact with her daily. I know she will be missed dearly. My sympathies and I know you will treasure all the memories you have as I do.

I worked with Terri years ago at The Bronson Center. Then became super friends after I got laid off, went back to school, and went back to work, which is now known as The Bridges Learning Center. We saw each other almost everyday at the Caddyshack. She was my go to person the job and just life in general. I don't know how I'll ever go back to the bar area again. I'll miss you so My Friend! Rest High on That Mountain!!
